

VALUE PROPOSITION

The **MINI PEAKS LEGACY PROJECT** is a rare opportunity to transform an underused space into a permanent, community-owned soccer and multi-sport facility.

What Your Community Receives

Selected communities receive comprehensive support across key pillars:

1. **Infrastructure:** Full installation of a modular mini-pitch, including all hardware and technical support with no capital costs for the community.
2. **Sustained Programming:** Customized grassroots soccer support from Vancouver Whitecaps FC, including curriculum, coach training, and program delivery.
3. **Community Activation:** Support for a grand opening celebration, including marketing resources, storytelling, and appearances by Whitecaps ambassadors.

Community Impact

- **Serving Priority Youth:** Specifically intended to reach Indigenous children, under-resourced neighborhoods, and those facing barriers to participation.
- **Multi-Sport Versatility:** While optimized for soccer, the durable surface is adaptable, creating a year-round community hub.
- **Building Local Leaders:** The "Train-the-Trainer" program develops local coaching capacity, empowering community volunteers and recreation leaders.

Ready to Create a Legacy?

The application process is a simple three-phase funnel designed to be thorough yet accessible:

- **Phase 1:** Submit an Expression of Interest.
- **Intake:** Rolling intake, so earlier applications have advantages in selection.

Apply now at www.minipeaks.ca to bring a legacy to your community.
